# What is a Hokie?

The answer leads all the way back to 1896 when Virginia Agricultural and Mechanical College changed its name to Virginia Polytechnic Institute ... With the change came the necessity for writing a new cheer and a contest for such a purpose was held by the student body ... Senior O.M. Stull won first prize for his "Hokie" yell, which is still used today ... Later, when asked if "Hokie" had any special meaning, Stull explained the word was solely the product of his imagination and was used only as an attention-getter for his yell ... It soon became a nickname for all Tech teams and for those people loyal to Tech athletics.
